*The glossy polished finish is suitable for residential or low-traffice commercial floors, where no anti-slip performance is required, and for walls. The polished glossy finish, surprisingly brilliant and bright, features slight irregularities. The extraordinary brilliance and the easy cleaning of the surface are the result of a refined, research-oriented manufacturing process aimed at guaranteeing its durability over time. If the product is in direct contact with the outdoors, provide devices for absorbing moisture and dirt to prevent scratches.
